Dear [Redacted]

I have reviewed the systems furniture plan for the Logistics Services Division submitted by your office on February 8, 1980.

Based on the proposed plan, the workstation and square footage totals correspond to the provisions granted in the letter of authority dated September 12, 1979 (Control 79257).

In view of the above, your plan has been approved by our staff. Please keep a copy of the approved layout for your records.

Sincerely,

CYNTHIA MANCINI
Acting Chief
Space Planning Section
Space Management Division
